

The call of God upon a man or woman to serve Him is a high calling. A servant of the Lord must be an individual who demonstrates God's calling upon his life. For the position of a deacon or elder, he must be biblically qualified to be an elder according to 1 Timothy and Titus.

Below is a list of recommended resources that are essential for your personal spiritual growth. Often we will be approached by a person who says, "What can I do to go deeper in my commitment to Jesus Christ?" Studying through this list of helpful resources will launch you in that direction.

While it is strongly suggested that you purchase these titles for your personal library, we know that can be something that can only happen over time. So in order to help you study through these titles, we have a "leadership library" where each title can be checked out for a 2-week period. Call the church office for more information. Some resources also available free online and are marked appropriately.

May the Lord bless you and strengthen you as you serve Him with your whole heart!
